**STATEMENT OF JEFFREY C. WILK**

Office of Petitions  
Washington, D.C. 20231

Dear Sir:

I, Jeffrey C. Wilk, submit this declaration in support of the foregoing Petition to Withdraw Holding of Abandonment pursuant to Title 37, Code of Federal Regulations, §1.181(a), related to U. S. Patent Application Serial No. 10/666,551.

1. I am an attorney employed by The Eclipse Group, an intellectual property law firm, and a registered patent attorney, Reg. No. 42,227.

2. I work at the office of The Eclipse Group located in Aliso Viejo, California, whose mailing address is 26895 Aliso Creek Road, Suite B-104, Aliso Viejo, CA 92656.

3. At the time the Notice to File Missing Parts in Serial No. 10/666,551 was mailed, December 12, 2003, I was responsible for docketing patent matters received by The Eclipse Group at its Aliso Viejo address.

4. The Eclipse Group's policy at the Aliso Viejo office was that upon receipt of correspondence from the United States Patent and Trademark Office, immediately the correspondence would be scanned onto a hard drive at the office, and the firm's docketing

PATENT  
Docket No. Docket No. ST02001CII (159-US-CIP1)  
Serial No. 10/666,551

system, the Computer Packages Inc. ("CPI") Patent Management System, would be updated, as appropriate, to note receipt of the correspondence and calculate the appropriate due dates; thereafter, the hard copy of the correspondence would be forwarded to the firm's administrative office at Northridge, California.

5. Had the Notice to File Missing Parts been received at the firm's Aliso Viejo office, I would have followed the procedure set forth in the paragraph above. I have searched, or caused to be searched, the firm's file jackets, electronic files, and the CPI Patent Management System, and have found no record of receipt of the Notice to File Missing Parts in Serial No. 10/666,551.

6. Attached to this Statement as Exhibit A and incorporated herein by reference is a copy of a printout from the firm's CPI Patent Management System, showing the Country Application Data for Serial No. 10/666,551, a listing of actions related to the application and its status, as of January 6, 2005; the Notice to File Missing Parts, if received and entered into CPI, would have appeared on page 2 of said Exhibit A.

Based on the foregoing, the undersigned asserts nonreceipt of the Notice to File Missing Parts mailed on December 31, 2003, and therefore respectfully requests that the Notice of Abandonment Under 37 CFR 1.53(f) or (g), mailed November 10, 2004, be withdrawn and that U. S. Patent Application Serial No. 10/666,551 be revived

Respectfully submitted,  
Vyas et al.
